Important Note:

1. Development duration and cost are estimates, it may change accordingly depending on the client's requirements.
I.e.
 - a. Stated development duration are working/business hours (9am-6pm). Weekends are excluded.
 - b. Cost changes accordingly depending on agreed upon requirements.
2. The server and GSM Modems are not included.
3. For proper integration, the client should provide technical details such as SMTP/IMAP/POP3 account, and permissions, for EMAIL Notification Services.
4. Domain, Web Hosting and Maintenance are not included. Additional charges may be incurred by the client for using third party tools, services and relevant licenses for project development and implementation
5. Additional features not original part of initial contract shall be charged accordingly, considering the changes and duration of development with the current state of the project.
