Work Progress

1. You are able to view/access time to time the project plan status progress, with percentage status, status, estimated days, worked days and remaining days.
2. And every time there's an update for project plan status progress, you will receive a notification from us, and it will send to your email and mobile phone.

TOTAL ESTIMATED DAYS 17 or 24

TOTAL ESTIMATED PRICE P32, 500.00

NOTE: ADMIN PAGE IS NOT INCLUDED, ADMIN PAGE WOULD BE WORK AT SPRINT 2.

Important Note:

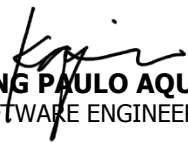

1. Development duration and cost are estimates, it may change accordingly depending on the client's requirements.

I.e.
 - a. Stated development duration are working/business hours (9am-6pm). Weekends are excluded.
 - b. Cost changes accordingly depending on agreed upon requirements.
2. The server and GSM Modems are not included.
3. For proper integration, the client should provide technical details such as SMTP account, and permissions, for EMAIL Notification Services.
4. Domain and Web Hosting are not included. Additional charges may be incurred by the client for using third party tools, services and relevant licenses for project development and implementation
5. Additional features not original part of initial contract shall be charged accordingly, considering the changes and duration of development with the current state of the project.

Before the project is started, the client should pay an initial Php10, 000.00. It may also serve as collateral, which may be forfeited should the project be discontinued.

We appreciate the opportunity to service your web or desktop application needs. If you want to accept this proposal, please sign one copy and return it with initial payment worth P10, 000.00 of the web or desktop application costs. And I will get back to you once I received the pays

Sincerely,

KING PAULO AQUINO
SOFTWARE ENGINEER
